Point-log: 2.5 SVMTRA

Rotkreuz, March 2018

Dear colleagues,

The yearly European Neuroendocrine Tumor Society (ENETS) congress will take place in Barcelona from 7–9 March 2018. New data will be presented on how we can better identify, classify and treat our patients with neuroendocrine tumours in the future. Therefore, supported by Novartis, Pfizer and Ipsen, we would kindly like to invite you to the Swiss Post-ENETS meeting.

Specialists from the NET field will present the summarized breaking news and are looking forward to fruitful discussions. The meeting will be focussed on clinical practise examples to enhance and provide the best available evidence to our NET patients.

The Post-ENETS event is organized by Novartis and is co-sponsored by Pfizer and Ipsen, and is endorsed by SwissNET.

We are looking forward to welcoming you in Bern!

With our best regards

Prof. Dr. med. Niklaus Schäfer  
Lausanne University Hospital (CHUV)  
and University of Lausanne

Prof. Dr. med. Stefano La Rosa  
Lausanne University Hospital (CHUV)

Prof. Dr. med. Emanuel Christ  
Universitätsspital Bern

Dr. med. Samira Sadowski  
Hôpitaux Universitaires de Genève
